Terms and Conditions of Sale

TERMS—The terms are cash unless other arrangements are made with the seller before the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made.

BIDS—The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advance bids and if there be no advance bid the animal shall be sold to the person from whom the officiating auctioneer accepted the last bid.

RISKS—All animals are at purchaser's risk as soon as struck off but will be cared for, free of charge, for a reasonable time, but we will attend to loading on cars or trucks in compliance with instructions from the purchasers. We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests.

CERTIFICATES—A certificate of registry transferred to the new owner will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

TESTS—All cattle have been blood tested for Bang's Disease and Tuberculosis within a period of thirty days prior to the sale. All cattle are sold subject to a sixty day retest for tuberculosis. We have practiced calfhood vaccination for a number of years. Health papers will be furnished.

ERRORS—Any announcement or correction of material in the catalog made from the auction stand on sale day will take precedence over the matter in the catalog.

GUARANTEE—BULLS: Bulls are guaranteed to be breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to seller if in as good condition as when bought, and if after being tested he still fails to breed, purchase price will be refunded.

GUARANTEE—FEMALES: All cows that have had calves are considered to be breeders, and no further guarantee is made with respect to them. All females that have been bred sixty days prior to sale date will be examined by a reliable veterinarian and to the best of his knowledge will be announced sale day, for pregnancy. All heifers under sixteen months of age are not guaranteed breeders. Any animal failing to live up to the above guarantee must be notified within six months of date of sale. As this is a dispersal no further guarantee is given.

Animals returned to seller because they do not comply with guarantee will be at buyer's costs of transportation.

Buyers unknown to the seller, please bring bank references.

*Dear Friends and
Polled Shorthorn Breeders*

— — My necessity is your OPPORTUNITY — —

Never has it been more truly said.

Most of my time and effort for the past seventeen years has been devoted to the developing and improving one of the best Polled Shorthorn herds in the United States. The very zeal and enthusiasm which has guided me in building this fine herd and the personal attention I have given to the many, many details that make the difference have so engrossed my attention that I have neglected my own health. Now my doctor tells me that I owe it to my family to "slow down" and give the same careful attention to my own well-being.

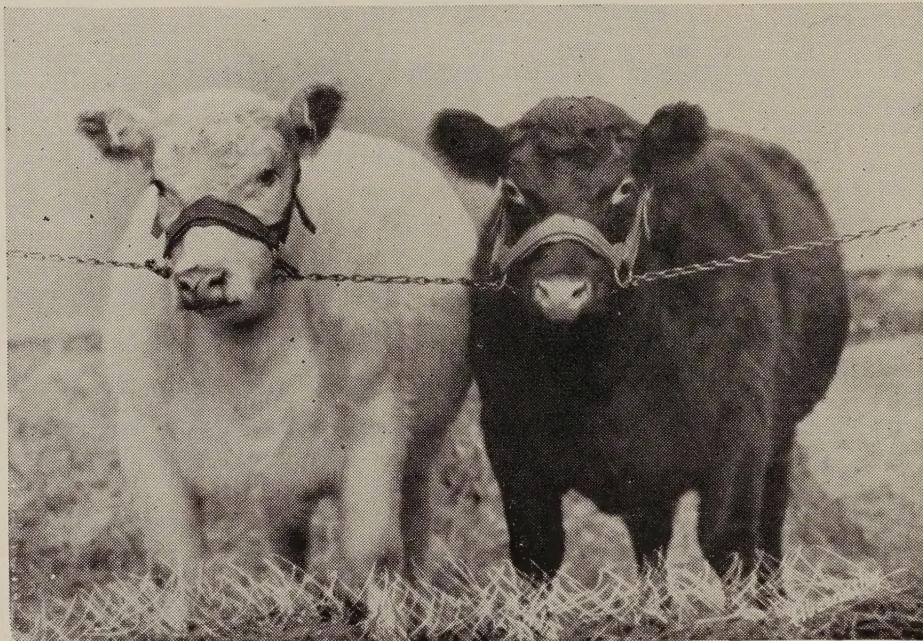

I'm sure that those of you who have worked along similar lines with Polled Shorthorns know how deeply I regret the necessity of dispersing my herd, and it was only very recently that I could induce myself to take this step; therefore, my brood matrons are in excellent breeding condition but there was not sufficient time to fit them highly.

I own eight cows bred to Pittodrie Upright. The owners of this great bull have agreed among themselves that no shareholder may sell more than three cows per share per year bred to him, so I am retaining four of these cows as a foundation herd for my son.

I have had considerable success in the show ring during my years as a Polled Shorthorn breeder. The animals that have won and earned for me are now offered to you to go on and win and earn for you.

Again, I say, this is your OPPORTUNITY.

CARL D. CROSS

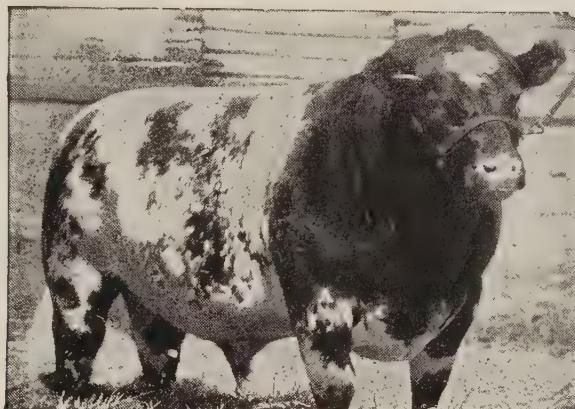

Marigold Blossom — Augusta Lady

★ ★ ★

The story of Carl Cross is an inspiring one. His record of success is indicative of the great strides an earnest young man can make in the Polled Shorthorn business in a few short years.

It is with deep regret that we of the fraternity put Carl on our inactive list. We wish him improved health, happiness and success in whatever endeavor he pursues, and while we are sorry to see Carl retire, we are glad that he is taking the necessary precautions to enable him to enjoy the fruits of his work and success and hope that before too long a period has intervened we can welcome him back into the Polled Shorthorn business and that his renewed vigor and enthusiasm will again contribute much to the improvement of the breed.

★COLLYNIE CONTROL x2496443. A bull that has done well in the show ring. Grand champion bull at the Ohio State Fair, reserved champion at Indiana State Fair, first prize Summer Yearling bull at International at Chicago last year. A bull that has about everything you're looking for, plenty of bone, very good rear quarters, well spring of ribs, good legs and a good head. A bull that is hard to fault. Two calves have been born by him and I predict he will be as good a breeding bull as Collynie Goods. Very few bulls have equaled his record. His dam sells in the sale with a bull calf at side and looks like a great calf. He is a sure breeder and who ever buys him will have his bull problem solved.

★**COLLYNIE SULTAN x2544114.** I believe this calf will be the best bull that Lynnwood Nugget ever sired for me. His mother has been a regular producer of good, typy calves. One of her daughters sold in the Teegardin sale for \$925, and she is a full sister to the steer we showed at Ohio State Fair, which was Grand Champion 4-H Shorthorn steer and Reserve Champion over all breeds. There would be very little gambling in selecting this fine young bull for your future herd sire.
